

## Hello!

If you are reading this, then that means your child has some interest in being part of our competitive tumbling team! Your student can start training for next year as early as April 2021, but cannot make the decision to start any later than August 21st. On August 28<sup>th</sup> and the 29<sup>th</sup>, 2022 I will be taking sizes and I will need to order team leotards for any new students! The first year is the hardest financially, as the student will need both the team leotard and jacket, but from there we will be keeping the jackets until your child outgrows and needs a new one and every 2 years we order new team leotards. The students will also need footless flesh tone tights to competition (\$5-\$10) to wear under their leotards. This will make lines look very clean as well as help prevent wedgies ;). Your student will have to attend 3 meets before the last meet in order to compete in the championship meet which is the last meet in late February/early March. They have to receive a 7.2 or higher in order to compete in the championship meet.

### Top Tumble NAC Team Information:

There are 5 competitions for the NAC team, starting at the end of October and going until the beginning of March. The meets are all in the KC area; Shawnee, Overland Park, Olathe, etc. Will know 2021 dates in mid- August.

**BOOSTER CLUB OPTION:** We do have access to a booster club. You can sign up to work for events such as concerts, Sporting KC games, I believe they did the Race track, etc. So many options! All of the money from these jobs will be applied directly to your child's account to help pay for expenses. Lots of families will bring mom, dad, 18 and over sibling, etc to all work the same game and make a bunch in one go! **VERY RECOMMENDED.**
